

October 2015 – November 2015 Shore Slate

JUNIOR OFFICER SHORE SLATE PROCESS

Welcome to the Junior Officer Shore Slate process! Below is a consolidated summary of the opportunities available for post-DIVO shore duty. After reviewing the entire document, if you have any questions, please contact your Detailer, and he or she will assist you in answering your questions. Email contact information is provided below.

Your shore billet will be assigned via a competitive slate process. When multiple officers request the same billet, billet assignment is determined through comparison of qualifications, FITREPs, and Commanding Officers' inputs.

Please note that MILPERSMAN 1300-302, Change 29 remains in effect. It states, "Members with more than three family members will not normally be assigned to accompanied overseas duty, including Alaska and Hawaii, unless a waiver is approved by the Regional Commander of the gaining command." If you have more than three dependents and desire an accompanied overseas assignment, you should be prepared to be deferred to the next shore slate if your waiver is disapproved.

Officers listing "RJCSRB required" billets in their top six choices do so with the understanding that they will be expected to submit a RJCSRB contract within 14 days of slate notification of assignment to that billet. Failure to submit a contract will subject that officer to a re-slate. An officer "red-slated" (assigned to his or her #7 or higher preference) to a RJCSRB billet will not be required to sign a contract.

*****You will need to provide your top 20 shore preferences.**

Provide your preferences to your Detailer NLT 0800 13 APRIL 2015.***

USE THE SLATE PREFERENCE TEMPLATE PROVIDED

JUNIOR OFFICER DETAILER CONTACT INFO

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/detailers/Pages/412DivisionOfficers.aspx>

REVISED JUNIOR CRITICAL SKILLS RETENTION BONUS (RJCSRB)

While some billets do require RJCSRB – NROTC, USNA, OLA, and PEP with DLI among others – the majority of billets have no DH commitment requirement. Please note that signing RJCSRB does not exempt you from GSA assignment.

<http://www.public.navy.mil/BUPERS-NPC/OFFICER/DETAILING/SURFACEWARFARE/PAY/Pages/default.aspx>

JOINT PROFESSIONAL MILITARY EDUCATION (JPME) PHASE ONE

If you intend to continue your career as a Department Head (or if you're still undecided), we strongly recommend that you complete your Joint Professional Military Education (JPME) Phase One certification while on shore duty. JPME is an essential element of the Goldwater-Nichols Act of 1986 that mandated joint service and war fighting education requirements for all services that were linked to important career milestones for military officers. JPME Phase One is the first of two educational levels of this important military requirement, and it emphasizes the fundamentals needed for a sound basis in joint operations.

JPME Phase One completion is a discriminator for selection at the Commander Command Afloat (XO/CO Fleet Up) Selection Board, and is required to be completed prior to taking O-5 command. The SWO community considers the post-DIVO shore tour as the best opportunity/timeframe for officers to earn their graduate degrees as well as JPME Phase One. Below are the various options for completion of JPME Phase One:

- Naval Postgraduate School (integrated into most degree programs, optional with all others)
- NWC Fleet Seminar Program * (available in most fleet concentration areas – see NWC website for details)
- NWC CD ROM-based Program
- NWC Web-Enabled Program

* Officers can also earn a master's degree through the NWC Fleet Seminar Program (see NWC website for details): <http://www.usnwc.edu>

UNITED STATES NAVAL ACADEMY

USNA billets involve significant interaction with and leadership of Midshipmen and consequently require RJCSRB to ensure career-minded officers are training these future officers. USNA staff members have several options available to pursue graduate education including the Naval War College Fleet Seminar Program (in which a master's degree can be earned).

USNA GRADUATE EDUCATION + TEACHING (GE+T) PROGRAM

Officers participating in the GE+T program earn a master's degree during 12-15 months of study and then teach at the Naval Academy as academic instructors for approximately 24 months. Additional information on GE+T can be found on the PERS-412 web site as well as the USNA GE+T web page. Officers must still apply for GEV quotas.

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/careerinfo/Pages/GraduateEducation.aspx>

<http://www.usna.edu/AcDean/offpos/get.html>

USNA LEADERSHIP, EDUCATION, AND DEVELOPMENT (LEAD) PROGRAM

The USNA Leadership, Education, and Development (LEAD) Company Officer/Master's Program is a unique broadening opportunity for four SWOs to participate in a 36-month graduate education and leadership experience. The program combines a fully funded Master of Professional Studies degree in leadership, education, and development from the University of Maryland with the opportunity to

serve as a Company Officer for two years at the United States Naval Academy. PERS-412 holds an annual selection board in December to select officers for a May report date.

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/careerinfo/Pages/GraduateEducation.aspx>

NROTC – NAVAL SCIENCE INSTRUCTORS

Generally, NROTC units require a minimum of a 3.0 undergraduate GPA. The reason for this requirement is most universities consider the Naval Science Instructors members of the university academic faculty. Waivers to the 3.0 requirement will be considered, but past experience indicates that universities are not willing to accept officers with less than a 3.0 GPA. Consequently, the academic performance of the Naval Science Instructors is factored into the university's overall faculty academic performance for accreditation purposes, which the universities take very seriously. Final approval for NROTC assignments is granted by the school, not PERS-41. Officers assigned a NROTC billet will be formally nominated to the unit, which will then propose the officer to the academic dean as a faculty member.

As with USNA, NROTC billets involve significant interaction with and leadership of Midshipmen/Officer Candidates and consequently require RJCSRB to ensure career-minded officers are training these future officers. On occasion, the RJCSRB requirement will be waived for a billet to avoid a gap in instructors, but initially all efforts will be made to assign a career-minded officer who meets any prerequisites. PERS-412 holds semi-annual selection boards in December to select officers for a May report date and in May to select officers for a December report date.

24/12 and GEV PROGRAMS

Officers who select assignments at SWOS, ATRC/CSCS Dahlgren, and ATG (Norfolk and San Diego only) can request the "24/12 Option" if they have signed RJCSRB. The 24/12 Option increases the standard tour length from 24 months to 36 months to accommodate a 12 month, uninterrupted academic sabbatical sometime during the shore tour to pursue full-time graduate education studies. For 24 months of the tour, officers will work in a billet at one of the above commands. For the 12 month academic sabbatical, officers will receive priority for SWO Graduate Education Voucher (GEV) quotas, which provide education-related funding of up to \$20,000 per year for two years.

If you are interested, please visit the PERS-412 Home Page to review 24/12 and the FY13 GEV Program Announcement message for details.

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/careerinfo/Pages/GraduateEducation.aspx>

***** ALL OLA & WHITE HOUSE NOMINATIVE BILLETS ARE RJCSRB REQUIRED *****

FLAG AIDE

PERS-412 also has several nominative Flag Aide billets available. Post-DIVO SWO JOs select for Flag Aide assignments at an excellent rate. For officers who have sufficient career timing, we provide a follow-on shore tour assignment to include graduate education opportunities at NPS as long as your timing for Department Head School supports another tour. If you are interested, please contact your

Detailer to discuss options. A listing of our current Flag Aide billets available can be on the PERS-412 Home Page:

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/careerinfo/Pages/FlagAide.aspx>

***** NOTE: REPORT DATES ARE MANDATORY AND CANNOT BE MODIFIED *****

NOMINATIVE BILLETS; CONTACT YOUR DETAILER IMMEDIATELY IF INTERESTED.

1. OFFICERS SHOULD HAVE VERY STRONG PERFORMANCE RECORDS (#1 OR #2 OF XX OFFICER – SOFT BREAKOUTS) TO BE APPROVED FOR NOMINATION BY PERS-41.
2. OFFICERS MUST BE ENDORSED BY THEIR COMMANDING OFFICER/COMMODORE/OIC. DETAILERS CAN PROVIDE ADDRESSES FOR ENDORSEMENT EMAIL.
3. OFFICERS MUST PROVIDE TO THEIR DETAILER (PREFERRED VIA EMAIL) THE FOLLOWING ITEMS FOR A NOMINATION PACKAGE: (1) FULL-LENGTH COLOR PHOTO IN SERVICE KHAKIS IF MISSING FROM OFFICIAL RECORD, (2) CAREER BIOGRAPHY, (3) CONTACT INFORMATION (WORK & PERSONAL EMAIL ADDRESS, WORK & PERSONAL PHONE NUMBERS), AND (4) FITREPS MISSING FROM OFFICIAL RECORD.
4. ONCE AN OFFICER HAS BEEN APPROVED AS A NOMINEE FOR A FLAG AIDE PACKAGE, THE OFFICER CANNOT BE WITHDRAWN FROM THE AIDE PACKAGE EXCEPT FOR EMERGENCY CIRCUMSTANCES (I.E. ILLNESS, SIGNIFICANT INJURY, SUBSTANTIAL CHANGE IN OFFICER'S PERFORMANCE STATUS).

Integrated Air and Missile Defense (IAMD) Weapons Tactics Instructor (WTI)

Attention Fire Control Officers and Training Officers! The IAMD WTI program is a **new** opportunity to build on your Aegis knowledge and Anti-Air Warfare Coordinator (AAWC) watch station experience. The program is an intensive 19 week graduate level program at ATRC Dahlgren in Integrated Air and Missile Defense that includes a follow-on tour at waterfront shore commands including: NSWDC, CSCS, ATRC, SWOS, ATG, and various operational and training commands. This program is a COMNAVSURFOR priority, and graduates will be slated to serve their Department Head tours as an OPS or WEPS/CSO on an Aegis platform. Due to the extensive training to become an IAMD WTI, this program does require an RJCSRB contract.

PEP TOURS

Final selection for PEP tours requires submission of an official photograph and biography before your orders will be released. If you desire a PEP tour, list it appropriately in your slate preferences, and we will slate you without the photo or bio, but they must be provided by the slate release date.

NAVAL POSTGRADUATE SCHOOL (NPS) – MONTEREY, CALIFORNIA

The SWO community's top priority for Junior Officers during their first shore tour remains the opportunity to earn a graduate education degree. NPS is the best choice for this career milestone due to the flexibility in timing, tailored curricula, and JPME Phase I inclusion. All NPS quotas are initially assigned via a semi-annual NPS Board, held in **May** (for the next January/March quotas) and

December (for the next June/September quotas). Quotas remaining available after the competitive NPS slating process will be assigned as requests are made.

Academic Profile Code (APC)

The APC is a three-digit code which summarizes pertinent portions of an officer's prior college performance. This code is used to determine an officer's eligibility for an academic program at NPS. Your APC must be calculated before the Detailers will assign you a curriculum quota.

Guidance on getting your APC calculated can be found here:

<http://www.public.navy.mil/bupers-npc/officer/Detailing/surfacewarfare/careerinfo/Documents/APC%20Calculation.pdf>

NOTE 1: USW Students earn accredited master’s degrees (Master of Science) in any of the following disciplines: Engineering Acoustics, Physical Oceanography, Electrical Engineering, Operations Research, Mechanical Engineering, and Applied Sciences. See NPS website (www.nps.edu) for details.

NOTE 2: CSST Students earn an accredited master's degree (Master of Science) in Applied Physics, but may also earn the degree in Physics, Engineering Acoustics, Electrical Engineering, Mechanical Engineering, and Software Engineering. See NPS website (www.nps.edu) for details.

GLOBAL WAR ON TERROR (GWOT) SUPPORT ASSIGNMENTS (GSA)

Unlike the legacy Individual Augmentation (IA) system, the incorporation of GSAs into the detailing process has provided officers with significantly greater input as well as reducing the potential for the short-notice interruption of shore duty tours that IAs often cause. Officers assigned to a GSA in lieu of shore duty are provided the following benefits:

1. Per the NAVADMIN, they cannot be selected for another GSA or IA for at least 3 years. Essentially, this guarantees an uninterrupted follow-on shore assignment for GSA officers.
2. Assignment in a fleet concentration area (e.g. San Diego, Norfolk, D.C.) for follow-on shore tour, **if a billet is available.**
3. Priority, one-on-one slating with their Detailers. Officers assigned to a GSA will not have to re-enter the standard shore slating process. Officers will work directly with their Detailers for slating to their post-GSA shore tour.
4. Officers who complete a GSA will receive credit on future slates equivalent in level to the attainment of a TAO or EOOW qualification to recognize the unique and critically important nature of GSAs.

Officers assigned a GSA will initially report to the ECRC in Norfolk.

If an officer is assigned to a GSA as a non-volunteer, we will continue to search for a potential volunteer to fill the assigned GSA and may notify you of this successful change at a later date.

Officers who completed an IA during their Second Tour Division Officer assignment *may* receive benefits #1, 2, & 4 at PERS-412's discretion, but will still be required to enter the standard shore slate process.

USMC Expeditionary Warfare School (Quantico, VA)

As a way to strengthen the relationship with the Navy and Marine Corps team and improve our operational capabilities, it is important that we bring our leaders together within our educational institutions. EWS is a 41-week primary level professional military education course for O-3 Officers. Students study, discuss, and conduct practical exercises (PE) in the areas of amphibious fundamentals, Naval Single Battle, Marine Expeditionary Units, Landing Plan, Prepositioning and Force deployment, and the capstone Marine Expeditionary Brigade/Expeditionary Strike Group Amphibious Planning Exercise (EASTERN CROSS). EWS teaches and requires conceptual, functional, and detailed planning in many aspects on Naval Single Battle – with an emphasis on amphibious operations.

Officers that attend EWS will be **guaranteed** a follow-on shore duty upon completion of the course. EWS is located in Quantico, VA (outside of Washington, DC).

AVAILABLE SHORE BILLETS

Provide your top 20 shore preferences to your Detailer. You must state if you are a volunteer for a GSA billet. Also include what is most important to you (i.e. homeport, type of billet, or command). **If you plan on taking RJCSRB, please state so to your detailer as well.**

NOTE: Officers listing RJCSRB required billets in their top six choices do so with the understanding that they will be expected to sign a RJCSRB contract within 14 days of slate notification of assignment to that billet. Failure to sign a RJCSRB contract will subject that officer to a re-slate. An officer “red-slated” (#7 or greater) to a RJCSRB billet will not be required to sign a contract.
