Responsible Office	NAVPERSCOM (PERS-4013)	Phone:	COM FAX	(901) 874-4360 874-4360
---------------------------	---------------------------	--------	------------	----------------------------

1. **Purpose**. This article establishes a Navy-wide Enlisted Manning Inquiry Report (EMIR) for personnel shortages having a significant effect on unit readiness.

2. **Policy**

a. All activities, except submarines and submarine support staffs, will submit an EMIR message report to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) in the format of Exhibit 1 on the occasion of an enlisted personnel manning concern meeting the criteria outlined in this article.

b. NAVPERSCOM (PERS-4013) serves as the manning control authority (MCA) agent for the following:

(1) Commander, U.S. Fleet Force Command (COMUSFLTFORCOM)

(2) Commander, Navy Personnel Command (COMNAVPERSCOM)

c. NAVPERSCOM (PERS-4013) evaluates the manning status and generates appropriate enlisted personnel requisitions to meet manpower requirements of all Navy activities, per policies established by the two MCAs, using personnel information available in the Enlisted Distribution Verification Report (EDVR), the Navy manning plan (NMP), Navy Personnel Command (NAVPERSCOM) personnel projection, and various other enlisted manning reports.

d. NAVPERSCOM (PERS-4013) is cognizant of the projected enlisted personnel gains and losses to an activity through use of the foregoing reports, and this information is compared to each activity's billet authorization and NMP to determine the appropriate enlisted personnel requisitions to be submitted to the assignment control authority (ACA).

3. **Applicability**

a. The EMIR is applicable to all Navy activities with enlisted billets authorized, except submarines and submarine support staffs.

b. Submarines and submarine support staffs, sea and shore, will report personnel deficiencies per fleet and force commanders' directives.

4. **EMIR Procedures**. The following procedures are applicable to the EMIR:

a. **Shortage Notification and Criteria**. The EMIR notifies NAVPERSCOM (PERS-4013) of a unit's concern regarding significant enlisted personnel shortages. To qualify for submission of an EMIR, the personnel shortage should meet one of the following criteria:

(1) **Manning**. Current on board (COB) manning or projected on board (POB) manning in the applicable rating or closed loop/transitory Navy Enlisted Classification (NEC) code is below NMP or billets authorized (BA), whichever is less.

(2) **Category**. Shortage is in one of the following categories:

(a) Careerist not reenlisting.

(b) Personnel being administratively separated.

(c) Death.

(d) Humanitarian reassignment.

(e) Non-volunteers removed from duty involved with flying, diving, explosive ordnance disposal (EOD), disquals, pregnancy, HIV, etc. (Immed Avails)

(3) **Readiness**. In the opinion of the commanding officer (CO), the personnel shortage has a significant effect on unit readiness.

b. **EMIR Limitation**. The EMIR is not to be used to report general manning problems in the activity, or for reporting

unplanned loss of personnel who do not have a significant effect on unit readiness.

c. **EMIR Submission**

(1) Do not submit an EMIR until the member is a permanent loss from the activity. The appropriate loss entry must be submitted via the

- Diary Message Reporting System (DMRS),
- Source Data System (SDS), or
- Navy Standard Integrated Personnel System (NSIPS)

to initiate appropriate personnel requisition action.

(2) During minimize submit reports by message (minimize considered) utilizing format outlined in Exhibit 1.

d. **NAVPERSCOM (PERS-4013) Acknowledgement.** Receipt of all manning inquiries will be acknowledged by NAVPERSCOM (PERS-4013). Such acknowledgement will contain a statement of the requisition status including a requisition fill date projected 5 months out (POB5) and will be based on the best information available at that time.

e. **Assignment of Replacement.** The actual assignment of a replacement is subject to the availability of personnel assets and will be consistent with established MCA manning priorities.
